## BASEBALL HURLER IS ARRESTED IN INDIANA.

Lexington, Ky., April 18.—Theodore Turner, formerly pitcher for the Lexington baseball club, and now under contract with the Evansville club of the Central League, is under arrest in Evansville awaiting return to Lexington to answer a charge of robbery, according to a telephone message received by Sheriff Bradley's office from the chief of police of that city. ## SUFFRAGE AMENDMENT PASSES NEW YORK SENATE.

The New York Senate, by a vote of 33 to 10, passed the Whitney-Brereton resolution for the submission of the suffrage amendment April 10. Equal suffrage has proved of such vitality in New York that five months after the November election it has passed both houses of the Legislature in spite of the opposition of the leaders. The amendment must pass next year's Legislature before going to the voters in 1917.

## IMPORTANT MEETINGS

To Be Held By Mason County Woman Suffrage League Within Next Few Weeks.

The Mason County Woman's Suffrage League will hold its regular bi-monthly meeting Thursday, April 20, at 2 p. m., at the Public Library. This will be the last meeting before the musical at Mrs. George Barbour's Saturday, April 29, and all those interested in the success of this event should be present.

On Friday evening, May 19, the closing session of the convention of the Kentucky Federation of Women's Clubs will be held under the auspices of the Kentucky Equal Rights Association. The state board has given much care to arranging an attractive program and has secured Mrs. G. G. Colman of Little Rock, Ark., to make the principal address.

Through Mrs. Colman's remarkable ability and influence, the General Assembly of Arkansas at its last session passed a bill to submit to the voters of Arkansas an amendment to their state constitution granting to women the full rights and powers of citizens—suffrage on the same terms as men.

During the New York campaign for a woman suffrage amendment to the state constitution, Mrs. Colman did valuable and valiant service for the woman suffrage cause in that state. She was one of the most brilliant and effective speakers at the suffrage conference held in Louisville, March 27 and 28. While in Kentucky Mrs. Colman will speak at Lexington and Richmond and it is the hope of the state board that two meetings beside the one in Mayville, can be arranged for her in the Ninth Congressional district.

It is the part of the friends of woman suffrage in Mayville and Mason county to make the local arrangements fitting the efforts of the state board and the brilliant talent the board has provided for the suffrage feature of the Federation convention. Miss Laura Clay, Mrs. Desha Breckinridge, ex-president, and Mrs. G. J. Smith, president of the Kentucky Equal Rights Association, and other prominent suffragists in the state will be here.

Local suffragists should attend the two regular meetings of the Mason County Woman Suffrage League, April 20 and May 4, before the convention, and lend a hand in the making of the suffrage evening of the convention a brilliant success.

Come. Be prompt. Don't waste the other woman's time these busy days when time is precious.

ALICE LLOYD, President.

## EMMER MAY COMEBACK

Garry Herrmann Wants Stellar Third Sacker To Play With Maysville This Season.

President T. M. Russell of the Maysville Baseball Club, received a check for \$500 Monday from Garry Herrmann, president of the Cincinnati Reds, to apply on the purchase price of Frank Emmer, star third sacker of the local team last season.

In a letter which accompanied the check, Mr. Herrmann said that he would like to send Emmer back to Maysville this year for a little more seasoning with an option upon him at the end of the season.

President Russell does not know just what salary Emmer would demand but it rather of the opinion that he will appear in a Maysville uniform again this season.

Emmer would make a valuable addition to the team, filling a position that has always been a weak one. He is a favorite with the local fans and they are all pulling for his return.

## Your Speed the Sharples Speed

Every member of the family turns the separator crank at a different rate. Your present separator loses a lot of cream when the speed drops below normal. This loss amounts to more than you realize.

No matter who turns the crank, fast or slow,

## THE NEW SHARPLES SUCTION-FEED

Separator gets all the cream all the time. The bowl draws in just enough milk to insure clean skimming. More cream means more money—a new profit without added expense.

The Suction-feed has many other important advantages. The cream is always of the exact thickness desired. The capacity increases with the speed. The large supply can be hit knee-high—easy to fill.

The bowl has only three parts and no disks. There's nothing that's heavy, clumsy or fussy to wash.

We want you to see this superb new machine. Come in and let us show you what it will do.

## FOR THE M. H. S. GIRLS

The new regulation dresses are becoming immensely popular, as they are not only smart and trim in appearance, but reflect a degree of school spirit that appeals to the normal girl student.

These garments can be had in your school colors, with desired emblem on sleeve. The caps are stamped, so you may embroider them with your class number.

At Eton, Harrow, Oxford and other English schools, students wear the colors, caps and clothes of their particular hall. It is an idea that American girls have just begun to adopt.

Come in and ask to see the three sample regulation garments we are now displaying. They are priced no higher than regular garments, and can be had with your class insignia and cap as required.

We are local distributors for the very latest novelties—a regulation dress for girls who attend college, high school or grammar school.

These clever student-tracks can only be seen in this store.
